

X-ARTS
HOMEPAGE

HOW TO REACH THE VENUE

Technische Hochschule Lübeck
Mönkhofer Weg 239
23562 Lübeck

BY TRAIN

Regional trains run every 30 minutes between Hamburg Hauptbahnhof and Lübeck Hauptbahnhof. From Lübeck main station (or coming from Rostock) you can then take a train to Lübeck-St. Jürgen (journey time 6 min), from where you can walk to the TH Lübeck campus in 10-15 minutes.

BY BUS

You can also take the bus from the main station, which heads directly to the Technische Hochschule Lübeck. Bus lines 1 and 9 (destination Hochschulviertel or Grillenweg | Get off the bus at stop Technische Hochschule,) and 32 (Get off at the last stop Stephensonstraße) are available. Line 32 is an express bus (16-minute-journey) and departs every 30 minutes.

BY CAR

Lübeck can be reached from the west and south via the A1 motorway and from the east via the A20 motorway. The campus of the Technische Hochschule can only be reached via the Mönkhofer Weg from the city center (i.e. from the north). During the day, the parking situation is sometimes tense, so the use of public transport is recommended.

X-ARTS WORKSHOP

Intersections between Arts & Technology

X-ARTS is an international training event for artists and event technicians, showcasing today's artistic progress. Presentations that bring AI and the arts together, include different combinations of perception, self-expression possibilities and artist's rights, and five practical workshops that test, train and promote the know-how you bring yourself in group work will be offered.

X-ARTS will take place in the Hanseatic City of Lübeck from 19 to 24 March 2023, and invites you to a joint kick-off event within Haus Eden in Lübeck. The kick-off will be presented by Yury Revich, who is already considered as an interdisciplinary musician and artist.

Young students or working artists and people from the field of ITD (Information Technologies and Design) may register for the five workshops that will be offered from 21 to 23 March. Nevertheless, everyone interested is allowed to visit the presentation day, 20 March, as well as the performance of the German-French Big Band on Thursday evening, 23 March, and last but not least, the big exhibition in the St. Petri Church in Lübeck on Friday, 24 March 2023, until 2 p.m.

Sounds interesting? Please fill in the prepared online form if you are not already registered by one of our partners. Registrations will be considered according to training capacity and do not imply direct participation in the training.

REGISTRATION

Nikita Freint | Project Coordinator
Stiftung Neue Musik-Impulse SH gUG
Postfach 113 | Riemannstr. 9, 23701 Eutin
